PROFESSIONAL SUMMARY

Web Developer with hands-on experience in frontend and backend web development. Proficient in HTML, CSS, JavaScript, PHP, and MySQL, with strong experience in building responsive, database-driven web applications. Developed a real-world skill-to-skill job matching recruitment platform featuring resume upload, automated eligibility calculation, email notifications, and recruiter analytics.

TECHNICAL SKILLS

Programming: C, C++, Java, Python (Basic)

Frontend: HTML, CSS, JavaScript, Bootstrap, React, Angular

Backend: PHP, Authentication & Authorization, Session Management, File Upload Handling

Database: MySQL

Tools: GitHub, XAMPP, phpMyAdmin

PROJECT EXPERIENCE

SkillSyncPro – Skill-to-Skill Job Matching & Recruitment Platform

Developed a web-based recruitment system with separate Student and Company login modules.

Implemented skill-to-skill job matching by comparing company-defined required skills with skills extracted from student resumes.

Built a resume upload and PDF parsing system using pdftotext to extract and analyze skills.

Calculated eligibility and matching percentage to identify the most suitable job for students.

Developed job management features for companies including create, edit, and delete job postings.

Implemented job application workflow with status tracking (Pending, Approved, Rejected).

Integrated automated email notifications using PHPMailer for application submission, approval, and rejection. Designed a company analytics dashboard showing recruitment statistics.

Ensured secure authentication, session management, and database connectivity using PHP and MySQL.

Tech Stack: HTML, CSS, JavaScript, PHP, MySQL

Tools: PHPMailer, pdftotext, XAMPP

EDUCATION

Bachelor of Science (B.Sc.) – Computer Science (Pursuing)

Third Year | 2023 – Present
